# on/go™ is a solution like no other

Make Smarter Decisions for your Business and Employees with On/Go™

For employers of all sizes, schools and governments, On/Go provides our rapid antigen testing and technology to deliver real-time results and proactive population management. On/Go powers targeted interventions, making managing outbreaks simpler and more effective. On/Go is the easiest way to ensure your organization is compliant with the new OSHA mandates.

COME IN WE'RE OPEN

Our AI-powered COVID-19 solution connects rapid testing with the real-time data you need to make the best decisions for your business and employees. On/Go provides fast, accurate and actionable results in the first end-to-end "Testing-to-Tracing COVID-Control" solution.

# What is the On/Go Population Management Platform?

Our AI-powered platform seamlessly integrates with On/Go rapid tests, offering a real-time solution to avoid costly shutdowns through rapid, targeted interventions. To support the fight against COVID-19, our portal provides:

- Live tracking and viewing of results, by individual or cohort
- Protocol engine to define groups, routines and interventions
- Integrated communications to manage messages to individuals or teams

We are excited to offer a smarter COVID solution that enables healthier, happier citizens, an open economy and enhanced peace of mind.

As COVID evolves, so do we.
